The screenshot shows the 'Print Master Tags' page in the VMI-GDJ system. The left sidebar contains navigation options: Dashboard, WMS, Print Master Tags, Put-Away Order, Replenishment Order, Picking Order, Confirm Order, Terminal, and Reporting. The main content area is titled 'Print Master Tags Generate tags for products'. It features a 'Generate Master Tags' section with a dropdown for 'FG Code GD:' and a list of product codes. A red circle with the number '3' highlights the selection of 'ATT23HH0011X'. Below this, there is a field for 'Production Plan Qty:' with a red circle and the number '5' next to it. To the right, a 'Description:' field shows '2070X1830X900-ANGLE' with a red circle and the number '4' next to it. Below the description, the 'Packing Standard Qty:' is set to '4'. A 'Generate Master Tags' button is visible at the bottom of the form.

1. คลิก WMS  
2. คลิก Print Master Tags

This screenshot shows the same 'Print Master Tags' page, but with a yellow callout box overlaid. The callout box contains the following text:

4. ข้อมูล Description & Packing Standard Qty จะปรากฏ  
5. ใส่จำนวนที่ต้องการ

The background interface shows the 'FG Code GD:' field and the 'Description:' field, which now displays '2070X1830X900-ANGLE'.
